

# Creating Your Strategic Plan

## GENERAL OUTLINE:

The Ohio Fire Chiefs' Association and the Ohio Fire and Emergency Services Foundation announces the first class of the 2017 Professional Development Series. *Creating Your Strategic Plan* provides a hands-on approach to help you create your own plan in your jurisdiction. The four categories include:

- Identify Stakeholders
- Initiative Development
- Goal Development
- Goal Measurement

## CALLING ALL STAKEHOLDERS!

This class will not only introduce you to the details of a strategic plan, we will walk you through the steps of creating a plan with the participants in the class. Everyone will act as the invited stakeholders and actually create a sample plan that you can reference for your jurisdiction.

*"If any organization is to improve in its continuous drive for excellence, it must determine the organizational direction for excellence and develop a strategy for getting there. A properly developed strategic plan steers an organization from "business as usual" towards attainment of excellence by tackling areas that need improvement".*
