Potential Applicants with Criminal Convictions

Individuals with a criminal record who are interested in obtaining an EMS or fire certification may inquire whether their criminal record disqualifies them from obtaining a certification. If you would like to make a request, you must submit your request in writing, provide details of the criminal conviction(s), and pay a fee of \$25. Acceptable forms of payment are either check or money order made payable to the Ohio Treasurer of State.

Details of the criminal conviction include:

- the court where the conviction occurred,
- criminal case number,
- statute or ordinance violated,
- offense name,
- offense date,
- conviction date, and
- the facts underlying the conviction.

Certified court journal entries showing the indictment, criminal conviction, and sentencing, as well as the police report related to offense, must be provided to the Division of EMS. Failure to provide these records may result in a delay in processing your request.

For EMS certification, the Emergency Medical, Fire, and Transportation Services Board may deny any application for any conviction of, plea of guilty to, a judicial finding of guilt for, or a judicial finding of eligibility for treatment and/or intervention in lieu of conviction for: any felony, a misdemeanor involving moral turpitude, or a violation of any narcotics or controlled substance law.

For Fire certification, the Executive Director of the Board may deny any application for any felony offense or a misdemeanor involving moral turpitude.

Whether a conviction is disqualifying will depend on the seriousness of the offense, the underlying facts related to the offense, length of time since the offense occurred, or any other relevant factors. Even if a criminal offense is not disqualifying, an applicant could be subject to discipline based on prior criminal convictions, which could include a suspension, fine, reprimand, or probation. It is also possible that a conviction will not result in discipline.

A disqualifying offense may be overcome if the individual possesses a Certificate of Qualification for Employment issued under section 2953.25 of the Ohio Revised Code or a Certificate of Achievement and Employability issued under section 2961.22 of the Ohio Revised Code.
